Standing Order Information.

A Standing Order is payment authorised by you, to pay an amount each Period, typically monthly, to another account. Standing Orders are controlled by you, and can run for as long you as you say, months or years.. They can be set up to transfer a minimum of £1:00 a month. You can stop it at any time by simply telling your bank to stop.

As a Repeater group with ongoing cost's now, and when we have come on air, we need constant financial support, and we are asking that supporters and members set up Standing Orders, on a regular basis.

Please give this some thought to an amount that you can pay into our funds on a regular basis.
